Vice President Nixon

#### EDITORIAL COMMENT:

### WHAT ELSE DO YOU WANT?

When a whole nation is moving forward peacefully and prosperously, what changes in direction are to be desired?

For the first period in many years the United States is enjoying progress and a growing prosperity without war.

New houses are rising — a million new units a year — to make better homes for growing numbers of prosperous families. Highway improvements everywhere are adding economy and comfort to transportation. New factories are building across the American countryside and old factories are busy. These and other expanding enterprises create more jobs at high wages that have lifted average incomes to \$5,000.00 a year per family.

What was a runaway inflation has been slowed to a walk so that today's dollar buys almost as much as yesterday's.

The causes of the farm price decline that began in 1951 have been attacked sensibly. The overhanging surpluses which have depressed farm prices are being whittled away while the Soil Bank and other measures are aimed to prevent new ones from piling up.

Agriculture and business find returning to them the freedom of decision that has made America so productive.

Despite the huge costs of defense, the Government is spending less than it takes in. This presents the prospect that taxes can be lowered soundly — not politically — or that the Federal debt can be reduced, or both. Certainly the steadily rising total national production improves both these possibilities.

Our foreign affairs in these tough and turbulent times abroad reflect the skilled, experienced management that, without either weak appeasement or dangerous bluff, has vastly improved the outlook for long years of peace.

Within our Government the influence of Communists and subversives has been frustrated by firm persistence.

High standards of integrity and morality have returned to the conduct of Government affairs.

Perhaps best of all, people can recognize that the country is being led sensibly, moderately and consistently along lines that in their own wisdom they know to be both progressive and sound — and in tune with the high ideals which Americans cherish.

No campaign of loose complaints, inconsistent promises and appeals to minority and pressure groups can offset the solid record the Eisenhower Administration has made for all the people to see.

In view of the record, voters everywhere will do well for themselves, for their children and for the nation to continue the leadership which President Eisenhower has provided.

To continue the constructive policies he embodies, and to enable him to round out his efforts, voters who favor the President will also want to back him up with Senators and Representatives who will form a cooperative majority in Congress.

We have peace and strengthening hopes that it can last, in spite of the Middle East situation.

We are prosperous.

We are going forward — progressing in nearly every essential matter.

Don't go just halfway with Ike. Send him the full team — Thomas H. Kuchel, U.S. Senator and Myron Tisdell, congressman.

Peace, a growing prosperity for all, progress in the American way, what considerations can be more important?

— Town Journal

### Sportsmen Turkey Sunday

Skill with a shot gun or rifle, or skill at games of skill can win you a turkey at the annual Southern Tulare County Sportsmen's association turkey shoot set for Sunday, Nov. 4, at the Sportsmen's range on east Putnam avenue.

Trap shooting, pattern shooting, .22 rifle competition, Bingo and other games, will be going all

day, from 9:30 a.m. until dark. Concession stands will be operating on the grounds throughout the day.

In general charge is Arleigh Byers, president of the Sportsmen's association. Heading committees are: Harry Scruggs, food and concessions; Joe Gray, Bingo; Bob

## FARMERS NEEDED IN LEGISLATURE

The importance of having farmers, and men sympathetic to agriculture, in the state legislature was emphasized by State Senator J. Howard Williams, when he spoke Saturday at the fall social meeting of the Tulare County Cattlemen's association held in the Porterville V.F.W. hall.

"Twelve years ago there were 17 farmers in the state senate; today there are only six", Senator Williams said. "Twelve years ago there were 26 farmers in the state assembly; today there are only nine."

Senator Williams said that cattlemen, and other ranchers, can keep a farmer in the state assembly by re-electing Assemblyman Domer F. Power, November 6.

The importance of a "united front" was also stressed by Senator Williams, who said that when groups or organizations come to Sacramento with their problems, they are much more apt to get action if they know beforehand

## 50-Year Pin To C. H. Weed

A 50-year pin, for a half-century of membership in the Porterville Elks lodge will be presented to C. H. Weed, retired Porterville citrus grower at the annual roll call night at the lodge next Monday evening. The presentation will be made by Fay Lewis, past grand exalted ruler of the Elks lodge; Weed is a past exalted ruler of the Porterville lodge.

## Homecoming Queen Has A Busy Schedule

Porterville Veterans' Day Homecoming Queen Betty Muehlenbruch and her attendants, Karol Kendrick, Mary Caulk, Patricia Merrill, and Cherry Horst, face a busy schedule before their actual rule over the annual celebration November 10-12.

The Porterville College co-eds, chosen this week from a group of 13 contestants, will make numerous appearances before clubs and organizations in the Porterville, Strathmore, and Lindsay areas, and will appear on television and radio broadcasts.

Queen Betty and her attendants were introduced at a dance in their honor held Saturday night under auspices of the Women's Athletic association of the college. They were chosen on the basis of beauty, personality and appearance by judges representing Porterville organizations.

## EVELYN BECK NEW PRESIDENT OF COW BELLES

Evelyn Beck, of Tipton, was elected president of the Tulare County Cow Belles at a meeting held Saturday at the VFW hall in Porterville. Other officers are: Mildred Jones, Springville, vice president; Gladys Gill, Springville, secretary-treasurer, and Donna Gill, Porterville, Marjorie Shannon, Visalia, and Barbara Carter, Porterville, new directors.

## NATIONAL ELECTION TUESDAY

California looms this week as one of the "nip-and-tuck" key states in the national presidential election next Tuesday, with both Republicans and Democrats planning an all-out effort to get voters to the polls.

National interest centers around the presidential contest, with President Dwight D. Eisenhower and Vice President Richard Nixon being given an edge over Adlai Stevenson and Estes Kefauver.

In California, a hot race is under way between United States Senator Thomas H. Kuchel, the incumbent, and Richard Richards. In the 14th congressional district — Tulare, Kern and Kings counties, Incumbent Congressman Harlan Hagen is opposed by Myron Tisdell, a long-time Tulare county resident.

In the Assembly district — Tulare and Kings counties — Assemblyman Domer F. Power of Lindsay is being opposed by Myron Frew of Dinuba; Assembly-

## Annual Tribune Progress Edition Next Thursday

A look backward at the past, and a look at developments of the present, will be provided in the annual Progress Edition of The Farm Tribune that is coming up next Thursday.

This paper will feature many historical pictures, also pictures of today's developments in the community.

Many articles will deal with the Porterville area as it was around the turn of the century; the names of many early-day citizens are included in the stories that will be taken from the past.

A special feature will be an article on the development of the citrus industry, written by Miss Ina Stiner, noted historian of the Porterville community.

## DIRECTORS NOMINATED FOR P.P.A.

Contests have appeared in the three district elections of the San Joaquin Valley Poultry Producers association that is now underway, with final votes to be tabulated November 15.

Director candidates nominated in District No. 1 are: W. E. Clark and Lawrence Meier; in District No. 3, E. Bernice Weber and Forrest O. Wyld; in District No. 7, John L. Fry and H. P. Power.

NEW ORGANIZATION for Porterville college is the Circle K club, sponsored by the Porterville Kiwanis club, with club activities to be directed along the lines of "service" as followed by Kiwanis. In the above photo, Lt. Governor Burt Kirk, left, installs Albert Moreno as president of Circle K, with Porterville Kiwanis president, Ralph Aldridge and Monte Reitz, club advisor and college faculty member, looking on. # A GREAT RECORD Is Better Than A Promise

SENATOR KUCHEL Has Put Through More Flood Control And Water Conservation Legislation For California Than Any Other U.S. Senator. — Tulare County Has Been One Of The Major Beneficiaries. This Is From The Record!

SENATOR KUCHEL Was Able To Push Through Large Federal Appropriations For Flood Control In Tulare County. This Is From The Record!

SENATOR KUCHEL Also Led In Getting Emergency Federal Funds For Tulare County Following Last Winter's Disastrous Floods. This Is From The Record!

## HERE ARE THE FACTS

## ABOUT SENATOR KUCHEL AND FLOOD CONTROL IN TULARE COUNTY

**SAYS IRA J. CHRISMAN** (DEM.) VISALIA, PRESIDENT OF TERMINUS-SUCCESS FLOOD CONTROL DAM ASSOCIATION:

"SENATOR KUCHEL'S appearance before the Senate Appropriations Committee in March of this year is a matter of Record — that Record shows clearly that he worked for immediate construction of both Terminus and Success Dams." These dams now are assured!

**SAYS RAY L. WILLIAMS** (REP.) CHAIRMAN, TULE RIVER FLOOD CONTROL ASSOCIATION; MEMBER TERMINUS-SUCCESS FLOOD CONTROL ASSOCIATION:

"SENATOR KUCHEL, this year, as in past years, made a very strong stand in support of Success and Terminus Dams in Tulare County before the Senate Appropriations Committee in Washington."

## Our County Needs Kuchel

Senator Kuchel received 551,000 Democratic votes in the June Primary.

Senator Kuchel has been elected 7 times to public office by California voters. HE HAS THE EXPERIENCE!

## RE-ELECT TOM KUCHEL U.S. SENATOR

### DOYLE COLONY

By Brooke Lea Heintz

On a single hot day of summer, Doyleites pump the tremendous total of 400,000 gallons of water, sufficient to fill a pipe about four inches in diameter and extending all the way to San Diego!

A super super gas station is in the construction stage on the corner to E. Date and Park Ave. — another Jack Anglin enterprise.

Heard rumors of a TV relay station to be located atop Rocky Hill.

The parakeet population is increasing — another new aviary was noted at the corner of Crabtree Lane and Page Ave.

Mr. Reno, spry driver, salesman for Nu Method Cleaners, sez he voted for Teddy Roosevelt — Heck, he can't be that old!

Fifty years ago a young coal miner and a lovely girl were married in Poteau, Okla., despite the objection of her parents, who thought the girl too young for marriage. The other day the couple, Mr. and Mrs. Mathew Benson of E. Date celebrated two score and ten happy years together.

Mrs. Ray Quiram, president of Doyle P.T.A., reports the membership drive is approaching the 400 mark — a wonderful record!

Ray Miller, real estate tycoon of Alta Vista district, has added a raven to his growing aviary collections — looks like a cross between a black Minorca chicken and a crow! "Quoth the Raven — never more —" me too —

Shipment of lettuce from Salinas-Watsonville was at a relatively high level during the first half of October.

Daybell  
Nursery

By John

It's our opinion that gardening is the original "do it yourself" hobby — In fact that's the only way you can get it done. We've got lots of "do it yourself" tools, "do it yourself" plants, and try and "do it yourself" seeds. These are accompanied by numerous dusts, sprays, foods, and gadgets to make "doing it yourself" a pleasure.

Garden gloves are one of these aids. They keep your hands warm, keep the dirt out, and make it look like you're working even if you're not. Pruning shears are another aid and their season is nearly here. They are good for cutting tin, shortening wire, getting wood for the barbecue, and occasionally for shaping plants or trees.

Darkness comes so early it's hard to get anything done and we're thinking of giving a flashlight free with every ten dollar purchase and actually, as a further effort to get you outside, we are selling large Dutch Hyacinths for \$1.75 a dozen or twenty five for \$2.75. (They have been \$2.75 per dozen). Also number one King Alfred daffodils at \$1.25 per dozen or twenty five for \$2.25. Finally we're giving away, for free yet, twenty five anemone bulbs whether you buy anything or not. This "come on" is Friday, Saturday and Sunday only.

For a beautiful garden next spring start now. For every bloomin' thing you need try Daybell's Plant Emporium on "E" Street in Porterville.

# FINS FOR FEATHERS

By Phil The Forester

It might be a bit cold but abalone and clam diggers will find afternoon minus tides until next Monday.

Summer trout season closed at the end of October for most of the state. The counties south of Tehachapi will remain open on a year 'round basis and the fish and game department down there has catchable size trout on hand to continue stocking wherever there is suitable water. In the northern area, trout taken as incidental to other species in certain reservoirs may be retained, as for instance, Lake Millerton. Bass Lake also remains open for all species including trout and night fishing is permitted here.

While Pine Flat remains open to fishing, any trout taken must be released except during the general summer trout season.

The fish and game commission will soon be holding meetings to hear recommendations and suggestions for changes in the angling regulations for 1957. Correspondence should be mailed to Wm. Harp, Fish and Game Commission, 722 Capitol Ave., Sacramento, concerning ideas for changes in the bag limit, open or closed season or method of taking any inland fish, shellfish or ocean fish.

How would you like to have a limit of black bass, crappie, bluegill or catfish for the effort of picking them up? You can if you will be on hand at the Woodward Reservoir in Stanislaus county out of Oakdale on Thursday, November 1 at which time the fish and game department will chemically treat the water to kill all fish life for the purpose of eradicating the tons of undesirable rough fish. The chemicals are not poisonous but cause the fish to suffocate so the game fish that will come floating to the top will be good.

The winter steelhead trout and salmon fishing in coastal streams opens November 1 except in Santa Cruz and Monterey counties where the season starts December 1.

Winter fishing in the coastal streams is unpredictable and anglers are advised to phone the area about current conditions before

making a long trip. However, the trip is well worth the effort when steelhead and fisherman connect.

Pheasant tags are required to hunt this big game bird but don't wait until the last minute to purchase your tags because last minute rushes sometimes find certain dealers sold out, so shop early and avoid the rush or possibly miss the opening day of the pheasant season, November 17.

PHEASANT TAGS TO BE AVAILABLE  
Pheasant tags for 1956 will be available from license agents next week, it has been reported by the state department of fish and game.

Pheasant season opens November 17.

Artichoke harvest in the central coastal area is increasing in volume.

## BACK TO SCHOOL PARENTS' NIGHT NEXT THURSDAY

Parents of Porterville High school students and other interested persons are invited to the annual "Back-to-School Night" program to be held Thursday night, November 8, in cooperation with the Parent-Teacher association.

Principal E. A. Landgraf said

the program would follow the familiar pattern of an opening assembly in the boys' gymnasium, visits to classrooms, and a social hour and refreshments in the school cafeteria.

Clyde Wilcoxon is chairman of a faculty committee arranging for the event, and is assisted by Francis Kellom, William Scruggs, Carl Faller, George Carey, Mrs. Lois Nickerson, Mrs. Edith Helen Zalud, Bess Lamb, and Miss Henrietta Theys.

Purpose of the program, Landgraf said, is to acquaint patrons of the school with classroom procedures, and to give an opportunity for asking of questions.

Director O. H. Shires, of Porterville college, this week is attending a conference of the California Junior College association in Yosemite valley.

## Injuries Plague Pirates On Eve Of Taft Cougar Game; Home Club Now Has 2-2 Record In Conference

The Porterville College Pirates, on the eve of their Saturday night CJCJA game with the defending champion Taft Cougars, are admittedly hard hit by injuries for the first time this season.

"I won't know until Thursday or Friday just who will be able to start the game", Coach Sid Hall said. "This is the first time this season I've said anything about injuries before a game, but this time we're really hurt."

The Pirate mentor was gloomy about the fullback spot, where both Jim Baxley and Nylon Scott, the two top performers, may be out of action. Baxley was not able to suit up for the Fresno game, which the Pirates dropped by a 20-12 count. Scott came out of the game with a knee injury which may cost him the rest of the season. This leaves only freshman Roy Springmyer at the post.

Guards are another badly hurt spot on the Pirate squad, Hall said. Regular Tom Mullican injured a knee against Fresno and will be out for several weeks, while Henry Balanguie, originally hurt against Hartnell, won't be able to play again. Hall is now

down to four players in this position.

Bob Stafford, husky ex-Madera star, who has been performing at tackle and end, also may not see action, Hall said. Stafford apparently suffered a concussion and may be lost for the rest of the season.

Hall, who saw Taft come from two touchdowns behind to defeat College of Sequoias by a 32-26 score Saturday night, said this year's Cougars don't have an outstanding back similar to Archie Schmitt of the 1955 team, but have rough and fast ball carriers, never-the-less, who operate behind an outstanding line which is spearheaded by Bob Ernst, all-conference center, and Tank Turley, a man-mountain tackle. Rollie Gilliam and Trice Harvey, both former Taft High school stars, alternate at the quarterback posts.

Porterville now has a 2-2 record in the CJCJA, with wins over Reedley and College of Sequoias, and losses to Coalinga and Fresno. Coalinga and Taft are on top with 3-0 records, and Fresno is third with a 3-1 mark.

## MEMORIAL SCHOLARSHIP ESTABLISHED AT PORTERVILLE COLLEGE IN MEMORY OF WENDALL BLAND, STUDENT, ATHLETE

Students at Porterville College will give a \$200.00 scholarship in memory of Wendell Bland, a fellow student killed in an auto accident last spring, to a graduating sophomore next June, it was announced by Vic Dossey, student body president. Funds were raised by student projects.

Requirements for the scholarship are that the winner use the money to continue his education the following term, and that he must have maintained at least a B average while at Porterville college. Preference will be given to those who have shown interest in the college's athletic program, Dossey said. Bland was a star athlete at the school.

Money for the scholarship was raised through two car washes held recently under auspices of the college student council. Tickets were sold at 75c through the cooperation of the Quarterback Club, American Legion, American Legion Auxiliary, 20-30 Club, Business and Professional Women's club, and Kiwanis club, and Gib-

son's auto laundry donated time and facilities.

**ERNEST F. WOODS**, 78 year old retired Visalia city fireman, is completing his 25th year as a Christmas Seal folder. Wood, who resides at 619 Howard Ave., figures he has folded more than 900,000 Christmas Seal sheets since he first began to help out as a fireman back in 1931. In fact, he says he has folded 40,000 sheets already this year in his spare time and that he should surpass the 53,000 he folded last year for the annual Seal Sale drive for funds to fight tuberculosis.

## OUR TOWN

By Betty Pearson

When I was knee-high to a pollywog, the the Halloween season rolled around, I was all in favor of dressing like the meanest witch or the vilest goblin and soaping most unenchanted scenery on the neighbors' windows. Now-a-day this has been changed by some wise and enterprising adults who must have said, "Let's give our kids some real fun . . . a big party at school with all their friends." This means a great deal of work for the adults but perhaps no more than cleaning that stuff off windows. Most of the Moms are pretty clever when it comes to dreaming up costumes from space men to fairyland for the small fry to grace the school-ground parades. It has become not only a family night but also a major fund raising event for the P.T.A. with prices that should leave no one out. I think this is a good example of people taking a big mess and turning it into something good.

If you have been too busy to stop a moment and view the scenery you are missing something.

This time if the year our town is beautiful; the trees are dressed in brown and gold, our hills are turning green and our mountains are turning white. Take a minute and enjoy some of this . . . it's free for the looking.

While I'm bragging a bit . . . How about those Panther's . . . WOW! The fellows from KTIP were so excited they were almost speechless. Some of the other fans lost their voices and everyone had a terrific time.

People are talking about the jail sentences tossed at speeders and saturated drivers throughout California. If you think this is a little tough try sitting in a traffic court. The things you hear would make your hair curl. The highways and cars are improved but they are still making the same old people and until we improve it may be tough.

Have you seen Muriel Moore's beautiful beeswax candles? She has the material and the know-how, so, if you are interested, give her a call. They are nice for any occasion and make excellent Christmas gifts.

Stopped Ruth Loyd the other day to ask what she was doing for fun. "Teaching second grade and loving every minute", says our Ruth.

Noticed the contour map at the library which was painted by Ruth and Rosita Marks. Some of the loveliest Barn Theater sets were painted by Ruth. She has

## AWARDS GIVEN AT VANDALIA CHARTER NIGHT

A record number of parents were present at the Vandalia 4-H Charter and Achievement meeting, with John Emo, Farm Advisor from Visalia, presenting a 4-H Clover pin to each member who had completed his last year's project.

In behalf of the Farm Extension service he presented the club a "Gold Seal" which was accepted and fixed to the Club Charter by Viola Meier, last year's club president.

Howard Smith of Smith's market presented a trophy to Vandalia for being the club which sold the most 4-H Chuck Wagon breakfast tickets, and a 4-H jacket to John Crosiar for being the member with the highest ticket sales among the various 4-H clubs in this area.

Mrs. Ed Traylor awarded Eileen Traylor and Eric Gunderson each a 4-H club jacket for being champion sales boy and girl of Vandalia. She presented individual awards to 15 other members for their co-operation in ticket selling, pointing out that this event was instrumental in raising necessary club funds.

Eileen Traylor gave a talk on her trip to the State 4-H Club convention at Davis and her interesting visit to the State Fair.

Viola Meier reported "highlights" of the Junior Leader Training meeting held in Visalia Saturday.

Mr. Emo showed an interesting and educational film: "4-H News Headlines".

After the meeting, games were played and light refreshments were served from a table decorated with autumn flowers, orange Halloween figured paper, and jack-o-lantern pumpkins.

always been a busy gal and one that you just don't see enough of.

The time has come for me to say "Farewell". You have been a good audience, generous with your praise and just with your criticism. Writing Our Town has been fun but rather than risk boring you (for by now you surely know more about me than I know myself) I shall bid you bon jour. If I wrote about you, it was meant as a compliment. If I didn't, chances are we hadn't met. By now you know all about the people I know, the places I go, the Barn Theater, football, Junior Livestock Fair, the food I like and (please excuse) my family.

Dr. Fred Cutter has been named chief of the psychology division of the Porterville State hospital.

## THIRTY-NINE GREEN HANDS INITIATED BY PORTERVILLE FUTURE FARMER CHAPTER

A group of 39 first year agricultural students at Porterville High school were initiated to the Greenhand degree in the Future Farmer of America chapter in a ceremony in the school cafeteria. There were 110 persons present, including fathers of the candidates.

Chapter officers, headed by President Joe France, conducted the initiation ceremony. Receiving the degree were Pete Armstrong, Weldon Arldt, Carl Angelo, John Baldwin, Tony Baya, Charles Bennett, Eugene Bettencourt, Charles Biggs, Charles Boydsun, Younger Blount, Terry Byers, Don Baldo, Darrell Bargsten, Richard Callison, Kenneth Carner, Terry

Campbell.

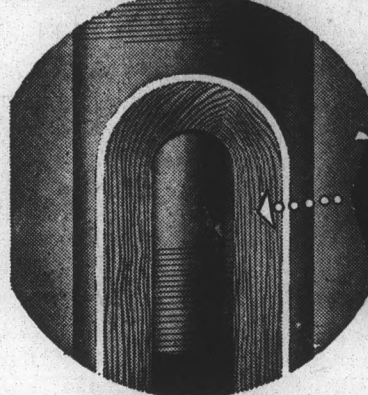

Jerry Flowers, Thomas Haywood, Harold Henson, Cecil Howard, Dale Huddleston, Jim Ignatieff, Albert Iverson, Jerry Karcher, Larry Lentzner, Joe McConnell, Gerald McCarty, Billy Orton, Lee O'Bannon, Eugene Plumlee.

Joe Schloesser, Jack Sussoev, Leslie Thalman, Paul Turf, Brent Webb, Joe Yancy, Paul Moorhead, Eddie Scott, and Don Barstow.

Ronald Michaelis, who was a delegate to the national FFA convention in Kansas City last week, reported on his experiences during the week's trip.

All producing areas are now shipping fall tomatoes.

## THE MATTER OF COST

Every Loyd's funeral, no matter what the cost, is directed with dispatch and dignity. It includes professional services, use of air conditioned chapel, handling and arrangement of flowers and recording of donors, use of funeral vehicles, newspaper notices, full arrangements for clergyman and family. Cost of casket and vault may vary; all else is of one standard: the best.

## News Of The SPRINGVILLE COMMUNITY

By WINNIE GAGE

Mr. and Mrs. Will Radeleff were surprised Tuesday evening when their friends honored them with a potluck supper in the Memorial building.

Mr. and Mrs. George Haigh were also guests as they were Springville's first telephone operators. The Radeleffs have operated the switchboard for 25 1/2 years.

Starting out with eight telephones and when dial went in October 6, there were 320 telephones.

Clyde Simpson was master of ceremonies. Miss Georgia Riggins sang two solos. Mr. Nels Miller sang two solos. Both were accompanied at the piano by Mrs. Herb Diffenbaugh.

Christine Ming and Nancy Diffenbaugh did a dance number.

Miss Sylvia Wylde gave an original reading about the Old Fashioned Telephone.

Mr. Bob Board, manager of this district, paid tribute to the Radeleffs in a short talk.

Mr. Carlos Gregg, chairman of the affair, gave a talk and introduced the hostess, the ladies of the Grange and Farm Bureau. The ladies of the Springville Hobby Club had charge of the table decorations.

Mr. and Mrs. Radeleff were presented with an electric Rotisserie. Mr. and Mrs. Haigh were presented with a large house plant.

The guest table was decorated with a lovely four-tiered cake, baked by Mrs. Hartog and trimmed with candles and fruit.

Over 200 guests signed the guest book, which was given to the Radeleffs along with a spangled decorated telephone bank full of money.

Mrs. Hazel Sanders is home after being employed the past three months in the Coffee Shop at Camp Nelson.

Mr. and Mrs. Ray Hamar have returned from a trip to Topeka, Kans., visiting relatives and friends.

Mr. and Mrs. Bob Lefever have both been in Hanford Hospital with pneumonia.

The Springville Grange ladies will have their annual bazaar and ham dinner in Memorial building on Thursday night, Nov. 15, starting at 5:30. Ham dinner and all the trimmings. Adults, \$1.50, and children, 75c. There is to be a set of dishes given away; also a

nice door prize; and they are hoping for a large crowd.

Mr. and Mrs. W. A. Sanders and Mrs. Eva Taylor visited Mrs. Sanders' mother, Mrs. Cynthia Peterson, in a Porterville Rest home, on Tuesday afternoon.

Isaac Rush, aged 70, passed away suddenly with a heart attack, on October 18, in his home at 32 River Drive.

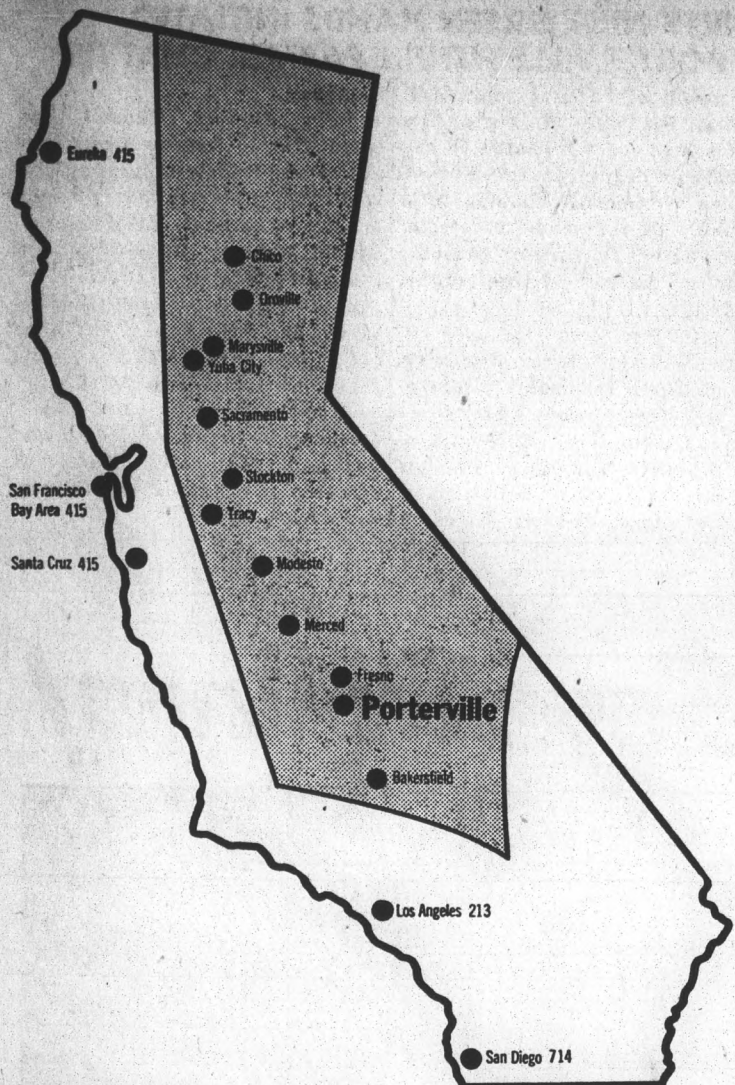

He was a native of Tennessee and had lived in Springville three years, coming here from Bakersfield. He was a member of the Baptist Church.

Surviving are his widow, Ethel, of Springville; three sons, Harold of Gordon Grove; Raymond of Bakersfield, and Vernon, of Oklahoma City; three daughters, Mrs. Vivian Lackey of Buttonwillow; Mrs. Dorothy Metcalf of Richland, Wash., and Mrs. Louise Beams of Oklahoma City; a brother Howard Rush of El Reno, Okla.; eighteen grandchildren and five great grandchildren.

Services and burial were held in Greenlawn Cemetery in Bakersfield.

Mrs. Hazel Covington was in San Jose, San Francisco, San Mateo, and Tiburn, on business for five days last week.

Tomatoes were being harvested at peak volume the middle of October.

DIAL CALIFORNIA — Here's a

map showing only a few of the places Porterville telephone customers here can dial directly starting Saturday night at 11:00. To call a community within the shaded area, all you do is dial the regular telephone number. For a city or town outside the area, you dial a special area code number, and then the regular number. The area code numbers are listed in a dialing instruction pamphlet that the telephone company has mailed to its customers here.

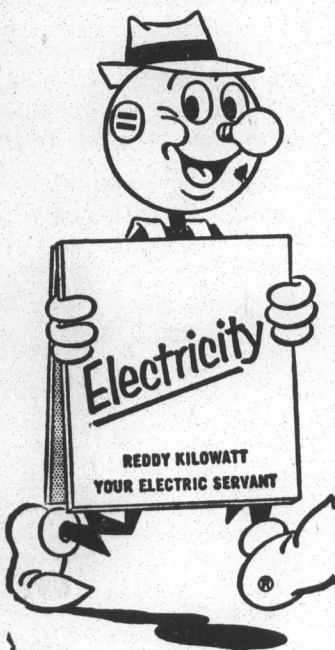

Anesthesiology was discussed by Dr. O. C. Jones of Visalia at a recent meeting of the Tulare County Society of Medical assistants held in Visalia.

"THE SAME AMOUNT of electricity costs you less today than it did 20 years ago," explains Reddy Kilowatt, your electrical servant. (Bigger bill? That's because you're using more and living better electrically.) Small wonder that electricity is your biggest bargain in modern living.

LIVE BETTER—ELECTRICALLY

SOUTHERN CALIFORNIA

## Hot and Cold Running Air

### THE WESTINGHOUSE HEAT PUMP

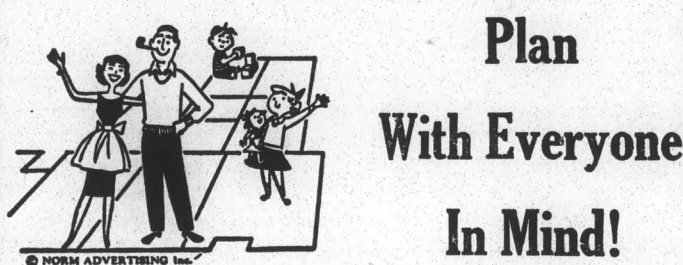

Summer Cooling — Winter Heating from one, all-electric unit! Westinghouse makes it possible in the HEAT PUMP. Pioneered by Westinghouse in 1933, the HEAT PUMP has been perfected after 20 years of pilot tests in many installations. It needs only air and electricity to deliver perfect weather the year 'round. In summer, powerful Westinghouse refrigeration pumps out muggy heat and exhausts it outdoors. In winter, the unit reverses this process, draws heat from outside air and circulates it throughout your house. Nor is comfort the only dividend your HEAT PUMP installation pays. For with this newest Westinghouse advance, you increase realty value tomorrow with your investment in tomorrow's comfort today.

U.S.A. AT your fingertips — if you want to telephone any of these places, or hundreds more, you can dial them directly from Porterville starting at 11:00 o'clock Saturday night. All it takes is three extra spins of the dial. First dial a special area code number, then the regular telephone number.

### Guided Missile Enlistees Needed By U.S. Army

Sgt. Donald Van Buren, Army recruiter for the Porterville area, stated this week that the Army desperately needs high school graduates for training in the guided missile field, an electronic assignment.

The need exists due to the ever increasing number of Nike Guided Missile installations being constructed in the United States.

Men who meet the requirements may enlist directly for the guided missile field. Those interested in obtaining the best in electronic training are urged to contact Sgt. Van Buren at the earliest opportunity. The U.S. Army recruiting station in Porterville is open from 9:30 to 12:00 Monday through Thursday, or call Visalia, Red-

wood 4-7115 collect for an appointment.

### ANNOUNCEMENT

**Frank L. Patterson**

DISPENSING OPTICIAN

Will Be In

Porterville

**Saturday, Nov. 10**

3:00 p.m. - 9:00 p.m.

Room 25

Porterville Motel

November 12, 1891

The farmers around Pixley are all busy getting in their grain.

Wild geese are reported very plentiful around the banks of Tulare lake.

Delano farmers are shipping large numbers of turkeys to the San Francisco market. It is said that a thousand pounds of rabbits are also shipped from there daily.

Banana trees may be seen growing at the homes of T. R. Hubbs and A. M. Coburn in Springville, and on the Talbot ranch near Globe. What can't be raised in Tulare county isn't very widely known.

The window and door frames for the new Catholic church are in position and the brick work is progressing finely. This structure, when completed, will be a source of pride and improvement for Porterville.

#### Mountain View Items

G. G. Duncan is canvassing for Sheppe's photographs of the world. Mr. and Mrs. C. L. Wilson visited R. D. Hodges and family at Porterville last week.

Fred Moler is down from the mountains where he has worked the past summer.

J. S. Marksbury has been making cider for the past week.

J. P. Flagg hauled a load of apples to Porterville the past week and returned through Fraiser valley.

Mr. and Mrs. N. P. Dillon came down from their mountain home Friday last. They will visit relatives in Porterville.

The school trustees are repairing our schoolhouse to the extent of linings and battens. It will make it some warmer, we hope.

Mrs. J. A. Coburn has sold her ranch to R. G. Williams and is having a house built in Springville. She is one of our pioneer settlers and we dislike seeing her move away.

### KEEP A GOOD MAN ON THE JOB!

A man is sometimes known by his family, so we present, right, the family of Assemblyman Domer F. Power, with Assemblyman Power, left, standing, his son Howard, a freshman at Strathmore High school; his daughter Ona Lee, a senior at U.C.L.A.; Mrs. Domer F. Power, seated left, the former Gloria Bruce of Hanford; and Mrs. Robert Murray, of Los Angeles, the former Gloria Rose Power, who recently presented Assemblyman Power with his first grandchild.

Assemblyman Power and Mrs. Power have raised their family on their ranch, east of Lindsay; they have known good times, and not so good times, just as have you and I.

They have been "dirt farmers", but through the years, after starting in California as a packing house worker, Assemblyman Power has also found time to serve with a number of groups on problems relating to Tulare county and valley agriculture. He has also been active in civic, fraternal and service organizations; he has had his own orchard and vineyard contract care business.

All of which qualifies Assemblyman Power with a sound understanding of Tulare county — of the problems and needs that confront you and me.

Right now, Assemblyman Power is a member of the important Agriculture, and Dairy and Livestock committees of the State Assembly. Since taking office after winning a special election in June, he has been actively working for our district, particularly in relation to agriculture and water problems.

In Assemblyman Power, we people of Tulare county have a good, sound-thinking assemblyman, who has said, "I have sought, and I will always seek the advice of people of this district concerning legislative matters affecting them."

That's the kind of man we need to keep in the State Assembly — a man who is friendly to, and who is a part of, our "cow counties."

Certainly, there is no valid reason to change now.

Assemblyman Power deserves re-election November 6.

### FRANK MENNE JR. ON HONOR ROLL

Frank A. Menne, Jr., son of Mr. and Mrs. Frank Menne, of Ducor, has been announced as a member of the president's honor roll at Santa Clara University for the spring semester.

Menne, who is a lower division student in the liberal arts college, maintained a 2.30 average, just below a B-plus, for the semester's work, according to the university registrar. Menne is a Porterville High School graduate.

A 1957-58 budget of \$8,704,974 has been approved by the California Fish and Game commission for the state department of fish and game.

## FARM-CITY WEEK, NOVEMBER 16-22

**When a Nation's Neighbors Get Together**

Important among Farm-City Week events will be nation-wide visiting between farmers and city folks. Increased knowledge of the work of each will lead to increased understanding. Here's how!

City folks learn why prize-winning pork is costly to produce.

In New England, city dwellers try their hand in a husking bee. Mutual understanding begins when each group learns what the other does.

This program, promoted by the National Committee for Farm-City Week, will be observed in thousands of communities by a seven-day series of events November 16-22. A common understanding of rural-urban problems is the goal. Kiwanis International is the coordinating agency.

Farm-City understanding gets a boost from the younger set. A rural lad and a city lad pause for a noontime snack in their tour around a farm.

And it comes out here! Dairy plant supervisor explains to farm youngsters what happens to the milk they send to town, and how the cost of a retail quart is determined.

## National Election

(Continued From Page 1)  
man Power won election by defeating Frew in a special election last June. Frew also unsuccessfully opposed the late Assemblyman Roscoe Patterson two years ago.

Nineteen state propositions will be on the ballot, with a real battle under way over Proposition 4, the oil conservation measure. In addition, one county measure will be on the ballot, Proposition A, which seeks to put a civil service system into operation for Tulare county employees.

This latter measure is being forcefully opposed by the Tulare county Farm Bureau and the Tulare County Taxpayers association.

Registered voters of the county have received sample ballots and the pros and cons of the various propositions. Polls will be open from 7:00 a.m. until 7:00 p.m.

## Sportsmen Turkey

(Continued From Page 1)  
Marshall, advance sale of targets; Gene Dinkins, trap shoot; Royce Wilson, .22 and pattern shoot, Harry J. Johnson and Dr. Chester Sewell, games of skill.

Potato harvest is well under way in the Tule lake area.

Ike is all right for another four years.

He has stopped a lot of worry, And weeping and fears.

He doesn't make a lot of noise, But he stopped the killing of all our boys.

A greater thing has never been done

Since the presidency was first begun.

He didn't make much of a row, But that's because he knows just how.

All this he did in a hurry; For anything more we won't worry.

The years he spent with the boys overseas

Helped him to get all the keys. As long as Ike is in the chair Peace and Plenty we will have to share.

This is no lie, and it's no joke, Everyone get ready and everyone vote.

By MARRY MARSH, Age, 84 years.

Cantaloupe season on the West Side is about through.

## Farmers Needed

(Continued From Page 1)  
exactly what they want.

The work of E. Dick, secretary of the California Cattlemen's association, in connection with legislation concerning cattlemen, was praised by Senator Williams.

Speaking also was Harvey McDougal, of Collinsville, president of the California Cattlemen's association, who discussed the current market situation and the recent beef referendum vote.

He said the government is not stock piling beef it is buying. He said, "I am glad to be one of a group of people who still sees fit to run their own business."

Entertainment was provided by a group of 4-H club members, in-

troduced by John Emo, farm advisor. Dianna Honbo, Columbine club, presented a violin solo, accompanied by John Andreas; Stephan Anderson, Kings River, gave a demonstration of trick roping and a pantomime was presented by Patty Williams, Kenny Khachigian, Eric Treaster and Murphy Walsh, of Oak Grove.

Dancing followed a barbecue beef dinner, presided over by Oscar Klein, president of the Tulare County Cattlemen's association. Special honor was paid to John Guthrie, White River and Porterville cattleman, who was recently named California Livestock Man of the Year by the San Francisco chamber of commerce; he was presented with a silver belt buckle by the cattlemen's association and the Tulare County Cowe Belles.

Guests included three members of the Tulare county board of supervisors: John R. Longley, and Mrs. Longley; Halver Haddock and Harry Perry.

Indications are that turkey breeders in 15 of the most important turkey-producing states, will hold at the beginning of the 1957 hatching season 16 per cent more heavy breed turkey hens than a year earlier.

## We Only Heard

By BILL RODGERS

SO NOW we go way out on a limb and tell you how we're going to vote on the propositions:

Prop. No. 1 — Yes.  
Prop. No. 2 — Yes.  
Prop. No. 3 — Yes.  
Prop. No. 4 — No.  
Prop. No. 5 — Yes.  
Prop. No. 6 — No.  
Prop. No. 7 — No.  
Prop. No. 8 — Yes.  
Prop. No. 9 — No.  
Prop. No. 10 — Yes.  
Prop. No. 11 — Yes.  
Prop. No. 12 — No.  
Prop. No. 13 — Yes.  
Prop. No. 14 — Yes.  
Prop. No. 15 — Yes.  
Prop. No. 16 — Yes.  
Prop. No. 17 — Yes.  
Prop. No. 18 — Yes.  
Prop. No. 19 — Yes.  
County Prop. A — No.

WE MIGHT clarify ourselves on a couple: We are voting against No. 4 because we believe complicated legislation of this type, which will surely require modification and change from time to time, should not be passed by initiative measure, but rather it should go through the state legislature. In recommending a No vote on No. 4, we at the same time urge the state legislature to dig into the oil conservation problem in its 1957 session, and come up with legislation, if it is needed.

COUNTY PROP. A will get a heavy No stamp from us. The civil service that would go into Tulare county if this proposition carries, is unnecessary, too expensive, too indefinite in wording; it is designed to make the replacing of incompetent workers more difficult, in fact virtually impossible; it offers nothing that the sincere and competent county employees need.

NOW, A final word. If you are a registered voter, you have your sample ballot and with it, a book telling about the various propositions. For goodness sakes, read both. Don't just vote November 6 — Vote intelligently.

## PANTHERS TRAVEL TO FRESNO FRIDAY

Porterville's high school Panthers, fresh from a 20-13 upset win over strong Mt. Whitney of Visalia last Friday, travel to Fresno tomorrow, Friday, night, to meet Roosevelt high in a non-conference football tilt.

In getting over the Visalia hurdle last week, Coach Carl Elder has set his club up as a strong contender for the league title, since he has taken an inexperienced squad and turned it into a going concern.

Jose M. Cugat, an international Farm Youth Exchange delegate from Spain, is spending four weeks in Tulare county at the John Khachigian home, near Visalia.

Winter potato acreage, in California, for harvest in November through March, is estimated at 22,500 acres compared to 17,800 acres harvested during the previous season.

California rice production this season, estimated at 10,296,000 bags, is eight per cent under last year.
